ALL HOME GAMES ARE UNDERLINED

Voted U.A.C.'s most valuable player in 1964, Kris holds many records which are indicative of his calibre as a footballer. He led the Dinosaurs in the point-parade (18 points); top pass receiver (15/18 for 83%); leading rusher (carried 82 times for 556 yards); kick-off returns (an average of 18.7 yards per return). He also set a league record, having garnered the longest run from scrimmage — 106 yards. Look for Schmidt to have another electrifying year with the Dinosaurs.

U. A. C. PRESIDENT'S MESSAGE

Dr. H. S. Armstrong

As footballs once again fill the air it is time to write these few words of greeting to all who may read them.

The Red and Gold of the University of Alberta at Calgary appears for the second year on the fields of Western Canada. Last year was a good first year; let's make this year a better second year! Not all of us are endowed with those qualities which make a first-rate footballer. But all of us can do our best to support our team and our colors.

And so I say, "Hello, again!" It will be good to see you and to hear you at our games. I am sure you are with me in wishing good luck to our players, their captains and the coaching staff.

See you soon.

Cordially,

H. S. ARMSTRONG, President
University of Alberta at Calgary

# THE DINOSAUR SOCIETY

The Dinosaur Society is an organization of Calgary business and professional men formed in 1964 for the purpose of assisting the University of Alberta at Calgary in the development of its athletic program and thus encouraging education through athletics. The Society is incorporated as a non-profit organization under the Societies Act of the Province of Alberta and has been recognized by the Income Tax Department as a charitable organization for the purpose of contributions and donations.

In 1964 when the U.A.C. Dinosaurs first took to the gridiron the Society was instrumental in raising over \$6,500.00 to support the football program. In addition the Society promoted the sale of season football tickets, assisted in publicity and half-time entertainment and produced the 1964 football program for the six home games.

Three trophies were donated to the football team for annual presentation to the most valuable player, the most valuable lineman and the most valuable back. These were sponsored by the Dinosaur Society, the Calgary Booster Club and the Alumni Association.

One of the most important functions of the Society is carried out by its Job Placement Committee. In 1964 over 60 co-operating Calgary companies assisted in placing players for summer and part-time employment.

In addition to its support of the football program the Dinosaur Society offers assistance in the hockey and basketball fields and intends to continue a wide-spread support of all of the athletic program at U.A.C. wherever it may be needed.

The Society works closely with the various team coaches and the members of the physical education staff and attempts to co-operate in co-ordinating its activities in the best interests of the University.

The officers of the Society for 1965 are:

Past President — DANNY McCULLOUGH

President — R. S. DINKEL

Vice-President — DAVE VAN HELDEN

Secretary — BILL CARVER

Treasurer — BILL WALSH

Members of the public who are interested in the activities of the Society may obtain further information by contacting any member of the executive or members of the physical education staff at U.A.C.

## DINOSAUR '65 FOOTBALL STAFF

**Bryson**

**Casanova**

**Kadatz**

**Saponja**

**Birdwell**

### ***About the Coaches...***

#### **Head Coach...**

### **Dennis Kadatz**

In his second year as head coach, Dennis Kadatz brings a wealth of football playing as well as coaching experience to the Dinosaur camp. He played football at Strathcona Composite High School in Edmonton, then with the Edmonton Huskies in 1956, '57, and '58. The Huskies were Western Canadian finalists in both '56 and '57. In 1958 Kadatz was an Alberta Junior Football League all-star end as well as captain of the Huskies. He also was voted the most valuable Husky lineman and the most inspirational player on the club. In 1959 and '60 Dennis joined the U of A Golden Bears as an end and inside linebacker. He was co-captain of the Bears for both of these years.

Kadatz started his coaching career as an assistant at Strathcona Composite during the years in which he played for the Huskies. In 1959 he was appointed line coach of the Husky football club. In 1961 Kadatz became head mentor of the Huskies and commenced to build the outstanding record established by that club during the three years Dennis was their coach. They amassed a 29-win, 7-loss, 2-tie record during this time, garnering two Canadian championships. Kadatz was named all-star coach of the Alberta Junior Football League for all three years. In 1962 the Alberta Football Coaches' Association awarded Kadatz their annual trophy for the outstanding contribution to football in Alberta in the open division.

Dennis graduated with a Bachelor of Physical Education degree from the University of Alberta in 1960. He recently completed his M.A. in Physical Education, also at U of A.

1964-65 saw Coach Kadatz teaching at Ernest Manning High School (Calgary), and this year he has joined the Physical Education staff at U.A.C. The Dinosaurs can count on staunch spectator support from Mrs. Kadatz (Denise) and daughters Karen-Lee and Kim.

### **WALTER SAPONJA — Assistant Coach (Offensive Line)**

Also returning for his second season is former Edmontonian "Walt" Saponja, who played his high school football at Victoria Composite. From 1956 to '58 he was a top offensive guard with the Edmonton Junior Wildcats, and the following two years starred with the U of A Golden Bears. Walt graduated from the U of A with a B.Sc. in Mechanical Engineering and is now employed with Calgary Power. Before joining the Dinnies he put in a season as line coach at Central High in Calgary. Coach Kadatz gained great respect for Walter as an opponent in their junior days and as a teammate in college football. His toughness, his spirited play, his competence and his intelligent approach to offensive football will undoubtedly do nothing but good for this year's edition of the U.A.C. Dinosaurs.

### **BRUCE BRYSON — Assistant Coach (Offensive Backfield)**

Twenty-seven-year-old Bruce Bryson began his football career as quarterback with the Alberta provincial champion Victoria Composite High School in 1954-55. In 1956-57 Bruce was the first-string quarterback with the Western Canada finalists, the Edmonton Huskies (Alberta Junior Football League). As first-string quarterback of the Golden Bears, Bruce starred with Kadatz in the 1959-60 season. From 1961 through '63 he was an assistant coach with Kadatz' Edmonton Huskies, and last season served as Number One Assistant to Husky mentor Joe Hutton. The offensive backfield is his responsibility this fall in his first season with the Dinosaurs.

A graduate civil engineer from U of A, Bruce was transferred to Calgary by his firm (Curtis Test Laboratories). He is married, with two children.

### **BILL CASANOVA — Assistant Coach (Defensive Backfield)**

Bill, originally from Windsor, Ontario, began his athletic career by signing a professional contract with the New York Yankee baseball organization and by 1953 played as high as Double "A" classification with Birmingham, Alabama. From 1954 to '58 he attended the University of Western Ontario, starring in football and basketball, and graduating with a B.A. in psychology. In 1958 he played with the Calgary Stampeders and completed a B.Ed. degree at U.A.C. From 1959 to '64 Bill was Director of Physical Education at St. Mary's High School in Calgary and coached football, basketball, and track and field. In the last four years St. Mary's football team lost only two games while winning two city championships. He was an assistant coach of the Mount Royal College Cougars from 1960 to '62, and head coach in '63. Many of the U.A.C. stalwarts, such as Froehler, Bresnahan, Hajash, Schmidt and Mogck have played under Coach Casanova in previous years. Head Coach Kadatz has long admired Casanova's ability to prepare teams for the big games.

Bill is now employed by the Calgary Separate School Board as vice-principal of St. Anne's Junior High. He is married and has two daughters.

### **JOEL BIRDWELL — Assistant Coach**

Another welcome addition to the Dinosaur coaching staff is Joel Birdwell, a U.A.C. staff member with the Student Counseling Services. He played guard at Paris College in Texas prior to mastering at New Mexico University. This will be his second year at U.A.C.

### **A. "SCOTTY" RUSSELL — Trainer**

Returning for his second year as Dinosaur football trainer, Scotty Russell, 48, became an integral cog in the Dinosaur machine in 1961. A familiar face on campus, Scotty manages U.A.C.'s equipment room, in addition to caring for the

walking wounded. For the past two seasons Scotty has been trainer to the hockey Dinosaurs. Before coming to Calgary he had trained numerous Edmonton soccer teams, including the Edmonton South Ridge Legion squad during their two championship years. Scotty and Mrs. Russell (Hilda) have four children.

### **JOE MORRIS — Student Manager**

Calgary-born Joe Morris, 19, is a newcomer to team management but by no means a stranger to football, especially at U.A.C. Joe starred with the Viscount Bennett Vikings from 1960 through '63, and last year looked after the safety position for Coach Kadatz' Dinosaurs. Joe is a second-year Education student.

# 1965 GOLDEN BEAR PROSPECTUS

—By Alex Hardy,

Of the Journal

On paper at least, University of Alberta Golden Bears will be almost as strong and fast as last year. The news should be about as welcome at Manitoba, U.A.C. and Saskatchewan as a bathtubful of tarantulas.

Last year's Bruins swept undefeated through eight games and were ranked first in the nation for the second consecutive year. Graduation ate deeply into the team's ranks, but there are still enough able hands around to guarantee more than ordinary success.

A prime factor that could put this year's club on a par with the 1964 team is the work done during the summer months by head coach, Gino Fracas and his three new assistants, Jim Donlevy, Roy Stevenson and Ron Marteniuk. The staff spent considerable time planning offensive and defensive strategy to make best use of the personnel on hand.

Thirteen players, including several Western Intercollegiate and Canadian all-stars, are gone from the 1964 scene through graduation. The list, consisting mainly of starters, includes Marteniuk, Clarence Kachman, Ken Nielsen, Paul Brady, Dick Wintermute, Bert Carron, Gary Naylor, Jim Watson, George Short, Dmetro Rosiewich and Howie Green.

Quarterback Don Green has moved on to an assistant coaching post with the junior Huskies, while hard-hitting centre Harry Cogill has decided not to play this fall.

While this general exodus has opened up several vacancies, Fracas still has over 20 good returnees. The line is peopled with crisp blockers and sure defenders, which will help offset any offensive backfield shortcomings.

Gino has the linemen to make his lay-'em-out game work. Among the best are Bruce Switzer, John Wilson, Cam McAlpine, Glen Claerhout, Bob Bennett, Jim Chartrand, Lou Liska, George Santarossa, Vern Simonsen, Larry Speers, Ed Molstad and Nestor Korchinsky.

Korchinsky, a Western Intercollegiate all-star on the basketball court, joined the Bears only midway through last year, but impressed greatly with his size, speed and toughness.

Some serious backfield losses have given the coaches reason to be concerned. With Kachman, Nielsen, Rosiewich and Green gone, fullback Irwin Strifler will likely be the workhorse of the backfield.

Other versatile types counted on for key roles are Willie Algajer, Jim Hale and Rennie Bradley. Algajer can perform well at quarterback, halfback and safety. Hale, a lean senior, can make the switch from end to halfback to line-backer. Bradley, an unsung hero of the last two championship clubs, is a bruising linebacker and halfback. Dave Rowand, Jack Jenner and Bill Piggott are others who could make the road to another title easier.

Golden Bears are short of experience, but not ability, at linebacker, where Val Schneider and Steve Egbert are two of the best outside pro ranks. The

defensive secondary should be airtight, with Algajer, Bob Allin and Bill Woywitka back from last year.

The rest of the troops will have to come from new men. Two of the brightest are Huskie junior grads, Tony Rankel and Gil Mather. They were two of the best junior backs in the country last year, playing leading roles in Huskies' march to a third straight national crown.

Golden Bears are out to corral a berth in the Canadian college bowl final, slated November 20th in Toronto. The road to Toronto has its obstacles — like Manitoba — but a typically tough Fracas team should see its way through.

# UNIVERSITY OF SASKATCHEWAN COACHING STAFF

Bill Bolonchuk, a hard-working figure in football at the University of Saskatchewan, has been re-appointed to the head coaching job for the 1965 season and he will have the assistance of three men — John Larsen, Jack Donahue and Don Clarke.

Bolonchuk joined the University staff in 1961 and served as the line coach under Barry Roseborough for two years. In 1963, he was granted a leave of absence to take post-graduate studies in physical education but during his spare time, he assisted at the football camp and later, as a spotter.

Bolonchuk is a native of Winnipeg and he came to Saskatoon with a good football background. He played high school ball in Winnipeg, played American college football at North Dakota, where he was a most valuable lineman and then played briefly with the Winnipeg Blue Bombers. He got his feet wet as a coach in Winnipeg high school ranks and his club, Kelvin, won the city championship in 1960.

He is a conscientious worker, demands that his players be in top physical condition, and he is well-acquainted with the personnel available on the campus. He has hopes of improving the University's record, which has been lack-lustre in recent seasons.

Bolonchuk is the fourth head coach since the club was reorganized in 1959 and the 17th since football first started on the campus.

John Larsen played in the Eastern Intercollegiate league with McGill University and was a most valuable player on the team. He had an opportunity to turn professional with the Saskatchewan Roughriders but felt it would clash with his job with the Fitness branch of the government. He spent five years with the Fitness branch and one year at Saskatchewan Technical collegiate before joining the University staff in 1964.

Donahue

Clark

Donahue and Clark are both former playing stars with the Huskies. Donahue is a Calgary native who came out of St. Mary's High School to win the quarterback job in his rookie season. Clarke played high school football at Kipling, Saskatchewan before joining the Huskies where he developed into an offensive guard.

Best of Luck, DINOSAURS!

# BISONS - - - HOPES FOR '65

Last fall, the University of Manitoba Bisons became a winning team. After two years of organization a contending team was formed. This year an even stronger unit is being moulded.

This fall there has been addition to the coaching staff. John Shanski, a former Winnipeg Rods and Bison Star, has joined head coach George Depres and assistants Jeep Woolley and Keith Pearce.

For the first time, the Bisons can claim to have a nucleus of returners. These proven players, along with a large number of returners from last year, supplemented by some outstanding rookies signifies a strong team contender for the Hardy Cup.

Coach Depres feels he has the best backfield in the league. The return of stars such as Fensby, Akman, Laping, plus the addition of two exceptional full-backs, Brian Hammerton and Dale Hubble have been two great additions this season.

The acquisition of outstanding rookie quarterback, John Milne should add to an already well balanced and explosive backfield. For once the Bisons may have the size and strength along the line. This has been their greatest weakness to date. Two all-star linemen, Ab Clearwater and Gerry Mercier will be the team's top linemen. Bruce Crombe, a Junior Star from Weston should give the line added power and experience. Returning players such as Ermen, Barone, Scott Reid, Paul Ross would add depth to any team.

## THE COACHING STAFF

### **GEORGE DEPRES — Head Coach**

Coach Depres is in his fourth season as Bison Head Coach. He previously coached the Winnipeg Junior Rods for 13 seasons. During this time his teams won five western junior titles and three national crowns.

George is a graduate of St. Paul's College. From there he moved to the Winnipeg Rods, and in 1949 quarterbacked the professional Blue Bombers.

### **JEEP WOOLLEY — Assistant Coach**

Jeep began his playing career at Gordon Bell, moving up to star for the Weston Wildcats and then St. Vital. He joined the Gordon Bell coaching staff in 1952.

The next season he joined George Depres on the Rods' coaching staff. Business took him to Edmonton where he guided the junior Wildcats for four days.

In 1961, he returned to Winnipeg and the Rods. That season he and George Depres led the team to a National Junior Title, and when George Depres took over the helm of the Bisons, Woolley accompanied him.

### **KEITH PEARCE — Assistant Coach**

During his high school years, he starred with Daniel McIntyre, and was Depres' teammate on the Winnipeg Rods in the early years of Junior football. Following his junior stint, Keith moved up into professional company with the Blue Bombers, and was a permanent fixture for nine years at end or defensive back.

After retiring, he coached Weston's Junior Wildcats — opposing Depres and Woolley.

### **JOHN SHANSKI — Assistant Coach**

This is John's first year as a coach. His extensive football experience should help the players.

John was a star halfback with the Winnipeg Rods before joining the U of Manitoba Bisons. In 1962 John was nominated the all-star halfback, and all-star defensive halfback in 1963 in the W.C.I.A.A. In 1963, he was a late cut of the Blue Bombers.

# 1965 ROYAL MILITARY COLLEGE REDMEN

Assuming that all freshmen who have indicated a desire to play football are successful in their grade thirteen examinations, the coaching staff has anticipated between 80 to 100 candidates when camp opens this Fall. Of this number, approximately 60 can be classed as returnees, but under the education system in the Military Colleges, only 36 were at R.M.C. last year, and of this number, ten were members of the 1964 Redmen. However, despite the lack of experience at the senior level, this year's team has a good potential, due in large to a number of key personnel of which the following are examples:

**Jim Pfaff:** Team captain, last year Jim was a standout defensively for the 1964 Redmen. He is expected to operate primarily from a linebacker position, and is also very capable of playing an offensive end slot.

**Dick Cohen:** Possessor of a fine pair of hands, good breakaway speed, and an intense competitive spirit, Dick fits naturally into an halfback's role. Capable of playing both ways equally well, he can be expected to provide a great deal of excitement and strength in the 1965 season.

**Larry McCurdy:** A large, fast lineman, who played high school ball in Windsor, Larry's outstanding attributes are his intense blocking and desire to win. Moved this year to an offensive guard position, he will have ample opportunity for the body contact upon which he thrives.

## 1965 Redmen Schedule

Redmen open their exhibition series against the University of Alberta (Edmonton) Golden Bears in Kingston on September 11th, 1965. The annual Queens — R.M.C. walk-on scrimmage will take place on September 15th, 1965, and is presently slated for the R.M.C. outer field. On September 18th, the University of Alberta (Calgary) Dinosaurs, host the Redmen in Calgary for what has become a focal point for R.M.C. Western Alumni. R.M.C. plays a seven game league schedule opening against McMaster, last year's undefeated champs in the Ontario Intercollegiate Football Conference, on September 25th.

## Coaching Staff Outline

**Al MacKenzie:** The outstanding defensive end for McGill over the last six years, Al is a doctor (M.D.) in the R.C.A.F., presently stationed at the Canadian Forces Hospital in Kingston. His versatility as a player, coupled with his coaching experience and desire to excel, forecasts an interesting year for opponents wishing to run around the defensive ends.

**Gus McKay:** (pronounced McKie) The only hold over on the coaching staff, Gus worked with the intermediate line last year, and produced a number of players who are certain to win positions on the 1965 Redmen. A graduate of Queens, Gus played football for Frank Tindall, and is presently working towards his P.H.D. in Economics.

**Don Carmicheal:** Don has elected to sit out this season after two successful years for the Queen's Golden Gaels, when a recurring shoulder injury hampered his playing during the 1964 campaign. Graduating from high school in Sault Ste. Marie, where he played five seasons as line backer, Don is entering his third year in the Physical Education course at Queen's.

**Doug Hargreaves:** The only full-time member of the staff, Doug brings to R.M.C. twelve years of coaching experience at the high school level and a partial season with Queen's Gaels in 1962. His playing experience dates back to 1946, after which he played four years at the high school level in Sault Ste. Marie, and three years at Queen's, from 1951 to 1954. He returned to Queen's in 1959 to complete his education, but a dislocated elbow in the first league game temporarily terminated his football career.

# THE PLAYERS

## RETURNEES

### **BILL BRESNAHAN — Guard — 21, 5'10", 192**

Returning for his second year in Dinosaur livery, TOUGH, and aggressive Bill Bresnahan should be a definite first-stringer in this year's line-up. Bill played high school ball for Bill Casanova's St. Mary's Saints.

### **BOB BAUMBACH — Defensive End — 26, 5'10", 190**

Bob, characterized by his hustle and toughness, should come into his own in this, his second year, as a Dinosaur. He reflects a hungry attitude required in strong line play. Previously played high school ball in Medicine Hat.

### **LEROY ENGLISH — Linebacker — 21, 6'1", 195**

U.A.C.'s best lineman of 1964, Lee's deceptive speed and size help to explain the reasons for his prominence, all of which are overshadowed by his intense desire to excel. He holds the record for the longest field goal (1964 W.C.I.A.A.), which was 31 yards. Look for Leroy to have another terrific season, and possibly a spot on the all-star team.

### **GORD GRAHAM — Tackle — 19, 5'10", 194**

Noted as a tough blocker and tackler who "comes to play" every time he dons the pads, Graham will add considerable punch to the U.A.C. offense. He previously played for Ken McNeil's Crescent Heights Hillmen.

### **TERRY MOGCK — Quarterback — 20, 6', 190**

A former Harry Hood trophy winner (1962) when he starred for John Semkuley's Henry Wise Wood footballers. An outstanding long-ball thrower, Terry mixes his plays and is a threat to the opposition any time he is on the field. However, he may once again, be relegated to playing in the shadow of Rhodes.

### **ROSS COLLETT — Tackle — 18, 6'½", 215**

Another "find" for U.A.C., having previously toiled for the Western Redmen and the Mount Royal College Cougars. Has good size and speed, and in practices has shown that he has the potential to develop into a top-notch lineman.

### **WAYNE DAVIES — Quarterback — DHB — 19, 5'10½", 150**

One of the brighter lights of this season's training camp, Wayne has the speed and brains necessary to do a good job. Size and experience in tough college ball could be his only drawbacks. Wayne is fresh from the high school ranks . . . Central Rams under Martin Lundmark.

### **DOUG DERSCH — Guard — 19, 6'2", 210**

Doug previously played with the Red Deer Raiders via Innisfail High School. He has the size necessary for a top lineman and is expected to provide excellent blocking for Dinosaur backs.

**LUIGI DI MARZO — Halfback — 18, 5'9", 150**

A graduate of St. Mary's (Calgary) he is fast, intelligent and extremely dedicated. Luigi is another Harry Hood trophy winner (1964) and is considered one of the top rookies in the Dinosaur camp. Previously played under Bill Casanova at St. Mary's. Versatility could be his greatest attribute, and it is certain that he will be called upon many times for many things.

**ART McAVOY — Halfback — DHB — 22, 5'5", 160**

Art played with the 1964 edition of the Regina Rams and is certain to catch the attention of opposing coaches and players for his speed, intelligence and determination. A two-way performer whose small size belies power.

**BOB RUSU — Fullback — 22, 6', 195**

Has good potential, a solid runner with plenty of speed. Previously played with the Regina Rams and is considered one of the better newcomers in this year's camp. Look for Bob to give 100 per cent effort every time he is on the field, and as a definite starter in the Dino lineup.

**STAN SCHWARTZ — Fullback — 21, 6', 190**

Stan toiled with the Mount Royal College Cougars last year, and played high school ball under Bill Dias in Medicine Hat. Another top prospect who has size, strength and experience. He will undoubtedly battle Rusu for the starting fullback position vacated by Ro Riley.

# FOOTBALL GLOSSARY

**AUDIBLE**—While calling signals a quarterback decides on a change of strategy. This occurs after a defensive change has been observed by the QB. In other words, when a QB calls an audible, he is telling his teammates the original play is cancelled and a new play will be called.

**BUTTONHOOK**—Maneuver made by a pass-catching end who races straight downfield, then hooks around and back to take a short pass in the middle.

**DOWN-AND-IN**—A pass receiver goes down the sideline and cuts to the inside.

**DOWN-AND-OUT OR SIDELINE**—The pass receiver goes down the middle of the field and then cuts sharply toward the sideline.

**DRAW PLAY OR WAIT**—The ball handler fakes a pass and then hands off to one of his backs after a delay. Contrary to what many people think, a draw can be run off tackle or around end as well as up the middle. Also referred to as a delay.

**DROP BACK PASS**—When the quarterback drops straight back to throw with no attempt to deceive the opposition.

**FLANKER**—A back set out of his normal backfield position either wide or close, but still behind the line of scrimmage. Used primarily as a pass-receiver and secondarily as a blocker.

**FLOODING THE ZONE**—When all eligible receivers gather in one area it is called flooding the zone. It is usually one that the offensive team feels is the most vulnerable to attack.

**HAND-OFF**—The quarterback begins most plays with a handoff. This simply means thrusting the ball into the hands of a halfback or fullback.

**KEEPER**—This usually takes place when the quarterback fakes and then carries the ball himself.

**MAN-FOR-MAN DEFENSE**—A pass defense system whereby each potential pass receiver is covered by a certain defensive back or linebacker.

**OPTION**—A halfback going wide has the "option" of running or throwing the ball.

**PASS PATTERN**—Where a group of receivers run a variety of courses in an attempt to spring one specific receiver into the open.

**PASS ROUTE OR PASS COURSE**—An individual maneuver by the intended receiver in an effort to beat or get behind the pass defender.

**PITCH-OUT**—A short pass behind the line, of scrimmage—usually tossed underhanded by the quarterback to one of his halfbacks or the fullback.

**QUICK OPENER**—This is designed to pick up short yardage through the line. Blocking is so arranged as to open up a hole suddenly for a quick burst by a back.

**RED-DOGGING**—The linebackers burst through the line with the intention of smashing down the passer before he has had a chance to throw. Red-dogging can be done by one or more linebackers.

**ROLL-OUT**—A T-formation quarterback moves behind line of scrimmage as though looking for a receiver. He just keeps right on going and if no receiver is free he rolls out around an end.

**SLANTING OR LOOPING**—An action by the defensive linemen moving from their original position and then charging either right or left into the enemy backfield.

**SPLIT OR SPREAD END**—An end who is split from his tackle a minimum of five yards and as far out as the sideline but always on the line of scrimmage. Used primarily as a pass receiver.

**STUNTING**—A maneuver between a defensive lineman and a linebacker whereby they exchange defensive assignments.

**TIGHT END**—An end in the normal end position, i.e. next to the tackle. Used as both a blocker and pass receiver.
